

# IVORY White hulled

Early white spring oat with high yield, balanced agronomic features and excellent grain quality

## Advantages:

- Early white hulled spring oat with high yield potential
- Balanced agronomic features and excellent grain quality
- Bold grain, good kernel colour and thin husk
- Use: very good industry oat and high forage quality

## Cultivation:

Very good adapted to locations with low or average yield potential. Marketing: as qualitative outstanding industry oat and high-energy forage oat.

## Short profile:

---- = very low resistance/early/short,

++++ = very high resistance/late/long
