

ANTONELLA 6-row

Unique combination of high grain yield and high resistance to leaf diseases

Advantages:

- Best leaf-health of all registered feed barley varieties
- High winter hardiness, proofed in extreme winter 2012
- Excellent grading and stable hectolitre weight

Cultivation:

Cash crop and forage growing farms. Preferably early to mid sowing dates, at very high yield expectations

Short profile:

---- = very low resistance/early/short,

++++ = very high resistance/late/long
