

MIRABELLE 6-row

The feed talent with allround suitability

Advantages:

- Midlate, robust longer single-ear type with good straw stability and average health profile
- High winter hardness, listed and tested in Poland
- Good tillering after winter
- Best lodging tolerance

Cultivation:

Suitable for all growing areas, especially medium and better soils
Soils with high N-supply, due to good straw stability
Early sowing possible

Short profile:

---- = very low resistance/early/short,

++++ = very high resistance/late/long
